

PARIS

TRADITIONAL
(TD1-Version 202601)

1,723 SQ. FT | 4 BEDS | 2.5 BATHS | 36'X65'

The Paris floor plan by BIC Homes is an elegant retreat that greets you with a prominent curb appeal that will remain iconic for generations. The front elevation includes siding, stone, wood accents, and stylish overhead lamps above the garage. All of these elements provide an exceptional introduction to the home, setting the stage for the refined interior. Inside, the Paris floor plan is equipped with plantation shutters for optimal light control and a classic, timeless look throughout the home. Enjoy quartz or granite countertops throughout the home as well for that added luxury touch. Walking up, a covered porch greets you and upon walking in, the living room fills the space with natural light. A dedicated office space is located off the living room with windows looking out to the front yard.

The dining room and kitchen follow the living room, all of these spaces are seamlessly connected with our open concept design. Enjoy a gourmet kitchen with stainless steel appliances, tiled backsplash, cabinets with crown molding, and a built-in wine rack. All of these elements are sure to elevate your culinary and entertaining experience. Right by the kitchen is a glass sliding door that provides easy access to the outdoors and increases the natural light inside the home.

At the intersection of the dining room and kitchen is the hallway leading to the rest of the home starting with the half bath and laundry room. The laundry room is equipped with cabinets, accent tile flooring, and provides access to the insulated garage. The garage is equipped with a durable epoxy floor to further enhance the look of the garage. Further down is the second bathroom along with the generously sized bedrooms which are carpeted while main living areas and bathrooms are tiled. The primary suite boasts double doors along with a spacious walk-in closet. The primary bath is a serene retreat equipped with dual vanity sinks, a standing shower and a linen closet. The Paris is full of elegant finishes and functional spaces all around, making it the perfect blend of style and comfort.
